SECOND PARTNER MEETING IN CYPRUS BRINGS NEW IDEAS TO THE PROJECT

Between 14th and 16th of February, 2018 DIAL team got together in Cyprus, Nicosia in order to work on project's progress and develop further strategy. The meeting brought up new ideas regarding dissemination of the project for example via the biggest education exhibition of Cyprus or Senior University congress in Portugal.

During the meeting all partners came together in order to review the work that is done regarding the project. It was concluded that more than 400 surveys have been already filled in about senior digital skills. Also all partners have been actively publishing information about the project, thus helping to spread the word about the aims and importance of the project.

Among all the decisions, the idea of communicating via Instagram and later on via Youtube as well was supported. Portugal partners announced their plans about participation in Senior University Congress in Portugal, where they are about to present DIAL project to the primary target group of the project. Cyprus partners presented their newsletter materials and petition about the project, which is going to be presented and handed out in Cyprus biggest educational fair – International Educational Fair of Cyprus 2018 “Education and Career”.
